

JESD Lunch Prices Climb

Milk may have something for everybody, but it's going to cost children in the Jefferson Elementary School District more to buy.

Latest in the long list of items to be hit with the increased cost of living is milk, hamburgers, hot dogs and burritos — all favorites of kids in the school lunch program.

Milk prices will reflect the most dramatic increase — from five cents to ten cents a carton

—while school lunches generally will rise a nickel.

Acting school superintendent Keith Breen has asked the board to take necessary action to increase the prices after consulting with the staff concerned with the lunch program.

It was only last month that Mary Bost, head of the district's food service program, told the board she was having difficulty in getting firm commitments from suppliers on such things as milk, eggs and meat.

When she could get a price the supplier could not promise delivery, she told the board.

Wednesday night Breen will ask that prices of school lunches for K-6 children be raised to 45 cents from its present 40 cents and for intermediate students the charge be increased to 50 cents from the present 45 cents.

Breen also is recommending adult lunch prices be raised to 70 cents from 65 cents.

In the snack bar section, popular with students, hamburgers

will go to 30 cents — up a nickel — as will hotdogs.

Other items to be increased in price include burritos and pizza — from 25 cents to 30 cents.

Also included on the agenda for regular session of the board will be discussion of an agreement with Vista Grande Cablevision Company concerning laying of cable to district facilities to connect the system to schools in compliance with a franchise issued to the company by the city of Daly City.

For Some, Lunch Will Be Free

The Jefferson Elementary School District free lunch program will operate again this year, starting Tuesday, September 11.

Free hot lunches will be offered at George Washington, General Pershing, Crocker, Woodrow Wilson, Colma Intermediate, Colma Elementary, John F. Kennedy, Abraham Lincoln, Thomas Edison, Christopher Columbus, M. Pauline Brown, F. D. Roosevelt, Fernando Rivera and Benjamin Franklin schools, where the regular hot lunch program will be in operation.

Free bag lunches will be offered at Vista Mar, Vista Grand, Garden Village, Jefferson, Daniel Webster, Westlake and Olympia schools to those children who meet the criteria.

Free lunch applications will be sent home with each child the first day of school. They should be returned to the office of the school attended by each child.

Students applying for free meals should supply their own lunches until applications have been approved.

Bruno Mt. Struggle Isn't Over for D.C.

Daly City officials may make an attempt to annex San Bruno Mountain in the wake of a ruling made last week by Superior Court judge Melvin E. Cohn concerning a jurisdictional dispute over the mountain between the city and the Local Agency Formation Commission (LAFCO).

City Attorney Albert Polonsky had charged LAFCO with overstepping its authority in assigning a sphere of influence for the mountain to Brisbane and of placing several stipulations on the action.

But Judge Cohn ruled LAFCO merely declared an intent to assign the mountain, largest block of undeveloped land in the entire state, to Brisbane.

Polonsky may, on behalf of the city, resubmit an amended suit or appeal Cohn's ruling within 20 days, it was understood.

However, several points brought out in LAFCO's defense during the suit by deputy district attorneys Thomas F. Casey III and Henry A. Dietz shed new light and possible new avenues of exploration in attempts by Daly City to get the mountain. Councilman Bernard J. Lycett said yesterday.

The Dietz-Casey memorandum hinged on LAFCO's intent when that body adopted Resolution 394 regarding a sphere of influence over San Bruno Mountain.

By resolution No. 394, LAFCO assigned certain portions of San Bruno Mountain to the sphere of influence of the city of Daly City (a small area known as the "Crocker tract" on the western lower slopes of the mountain). It also indicated what factors it would consider important and essential if Daly City were ever to apply for annexation of that area.

The remainder of the San Bruno Mountain area was not assigned to any local agency's sphere of influence. LAFCO did declare an interest to assign a large area to the city of Brisbane upon the completion of a planning program by San Mateo County, the memorandum explained.

Later in the same memorandum, it was pointed out that

MISERY AND DISBELIEF are mirrored in this picture of the Gerald Brown family of Miami. They watched their motor home and its contents destroyed in a propane flash fire. It occurred at a

South San Francisco service station Thursday afternoon. Shown are some members of the family — Tim, Buzz, Gerald and Barbara.

Man Burned, Camper Gone in SSF Fire

A propane flash fire critically burned a 44-year-old service station owner and briefly trapped a family of six in a burning motor home in South San Francisco Thursday afternoon. The contents of the family's motor home were destroyed. Total damage was estimated at \$27,000.

The injured man, Kenneth G. Funk, 44, 1351 Encina Drive, Millbrae, was rushed to Peninsula Hospital with first, second and third-degree burns on his arm, face and left leg. His wife helped rescue him.

Funk was transferred to Kaiser Hospital in Redwood City Friday and was reported in satisfactory condition yesterday.

The fire occurred at his station, Ken Funk's Phillips 66 Service, located at 264 South

Airport Blvd. at the Bayshore and four teen-age children. The motor home also caught fire, momentarily trapping the family of six, since the doorway to the motor home was blocked. (Please See Page 2, Column 1)

Fire Chief Lawrence Toellner reported that the cause of the fire is under intensive investigation.

It started apparently as Funk was filling a catering truck owned by Rudolph Bush with LPG propane. Bush managed to escape unhurt but the blackened truck, which supplied coffee to numerous industrial firms, suffered some \$8,000 damage, plus \$500 for its contents.

Next to the catering truck was a 24-foot Explorer motor home which Gerald Brown of Miami, Fla., had just finished filling with its LPG supply and was

about to drive off with his wife. However, somebody managed to get a window open, and all six crawled out without injury. They stood by, watching the motor home was blocked.

Turmoil again is upsetting district material and personnel. The letter was endorsed by both Tomasello and Cranna — both minority board members since the April election which ousted Albert Collett and installed David Parker, a stern critic of former district superintendent Frank Greenwood.

Neither Tomasello nor Cranna have recognized Acting Superintendent Keith Breen as the district chief of schools.

Although Cranna only two weeks ago voted for appointment of Don Brooks, former business manager for Simpson (Please See Page 2, Column 3)

Because of this, both men decided to boycott a special meeting called by chairperson Dorothy Adams to consider four matters — going to bid for insurance, relocation of a portable school structure, appointment of a vice principal at George Washington School and action on a request for a leave of absence for a schoolteacher.

Tomasello in a letter to Mrs. Adams said he felt the items could be included on the board's next regular meeting and labeled the meeting "frivolous and haphazard scheduling of agenda items."

He said such meetings were "ridiculous and causes district personal unnecessary effort and the district unnecessary expense."

His letter was blasted by both Mrs. Adams and Trustee Beverly Forrester.

Mrs. Forrester condemned Tomasello's actions in dictating the personal letter over the telephone to a school staff secretary. She said Tomasello's and Cranna's charges that their requests for backup material on agenda items had been ignored was "completely untrue."

Later, an angered Mrs. Adams said she felt Tomasello and Cranna should pay for the cost of "using staff personnel and material for their own personal ventures."

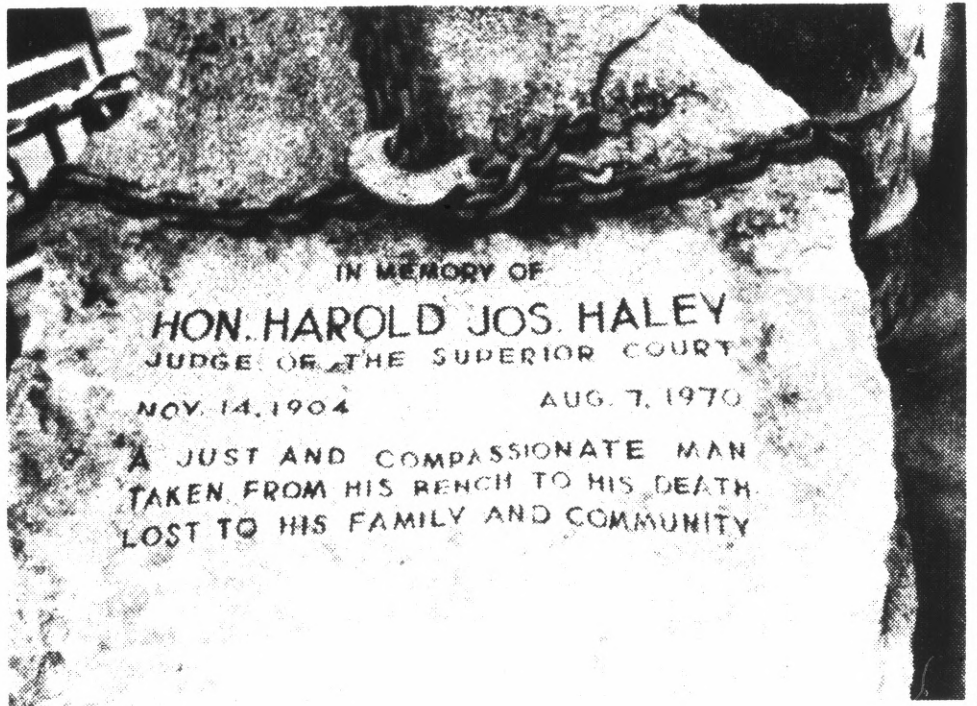

Mrs. Adams explained that she was once billed some \$18 for a similar use of school

HULA HOOP CHAMP Dorian Garibaldi, 13, from Little Jeff playground took first place in Daly City hula hoop championship recently. Runnerup in the overall competition was Susan Sylvester, left. Susan represented Daly City in the Nor-Cal finals in Newark. Other contestants seated are Elaine Portilla and Gail Pittman. Winner in the boys division was Greg Zapcoff.

A FIVE-TON BOULDER from the High Sierra country is inscribed by Joseph Klackner of V. Fontana and Company in Colma, top photo, with the name of Marin County Superior Court Judge Harold J. Haley, slain three years ago in an escape attempt. Company president Elio Fontana called job the "most demanding we have ever done."

Judge Haley's Monument

One of the most demanding jobs ever undertaken by the V. Fontana and Company monument works in Colma recently was dedicated in Marin County.

It was a massive five-ton granite boulder from the High Sierra country and inscribed with these words:

"A just and compassionate man taken from his bench to his death, lost to his family and community."

The granite stone was installed not far from where Marin County Superior Court Judge Harold J. Haley was cut down in a hail of gunfire during an escape attempt by three men from the Marin County courthouse Aug. 7, 1970.

In that escape attempt by James McClain, William Christmas and Jonathan Jackson, Judge Haley was murdered in

side a panel truck in the parking lot near the courthouse.

On Aug. 7, 1973 his widow Gertrude and daughter Carol Atkinson listened as Municipal Court Judge and longtime friend of the family Gari Thomas, eulogized the slain judge.

Elio Fontana, president of the monument company, said his instructions had been to retain the original atmosphere of the boulder and rough granite texture.

Papan Joins Protest Against Redistricting

State legislators are back in Sacramento after the Labor Day break ready to do battle over those redistricting boundaries inflicted on them by a three member "Special Masters" panel.

The Special Masters were instructed to study redistricting in the State and report back to the state Supreme Court with their recommendations.

Last Friday they handed in their report.

Within hours, legislators in both the Assembly and Senate were bemoaning the Masters' recommendations and many vowed to challenge the plan.

One of the hardest hit Assembly districts in San Mateo County is the North County territory

of Louis J. Papan (Dem.-Daly City).

Roughly, 36 percent of Papan's Daly City constituency would go to San Francisco Assemblyman Leo McCarthy if the plan is accepted by the courts.

It would place a huge bloc of homes within San Francisco's Assembly jurisdiction.

Here's how the lines would be drawn: Starting at Thornton Beach the boundary would be homes north of Alemany (including Papan's home); south down Windsor Drive to encircle all of Broadmoor (Southgate to Maddox to Junipero Serra Blvd.); along North Parkview and Parkview to Mission; north along Mission to travel a path which follows the lower slopes of San Bruno Mountain, behind southern hills, the Cow Palace and Bayshore districts of Daly City.

All these areas heavily favored Papan in the last race.

Papan's district would be changed to reflect the population decrease.

He would have the remainder of Daly City, Colma, San Bruno, Brisbane, South San Francisco, Burlingame and Millbrae. His

boundary would follow the coastline to a point south of Pacifica, cut directly east to Hillsborough, slice off about one-fourth of San Mateo city and go to the Bay.

Foster City would be taken from Papan and given to Assemblyman Dixon Arnett, whose territory would be pushed further south.

Papan has little choice as to what future political course to follow once redistricting is established.

He could stay where he is and fight his lifelong friend and political ally, Leo McCarthy, or he can move a few blocks in either direction and run in his new territory.

And while he may have lost some Democratic votes, he predicts easy reelection in a new district.

It isn't likely the voters will see this new arrangement for some time, Papan predicts.

He said several fellow assemblymen had contacted him following submission of the report to air their gripes over the issue.

Some assemblymen and senators will be edged out if the

Westmoor Pool Hassle Ends; Contract Signed

The Westmoor High School swimming pool will be built by the Gil-Winn Constructors of Pacheco. Jefferson Union High School District Superintendent Edward Morgan said Thursday.

Earlier last week legal representatives of the company had tried to withdraw the low bid of \$567,047 for the project, claiming subcontractors had made material cost mistakes amounting to some \$52,000.

Morgan said Company President Garry Glover decided to go ahead with building the pool at

the quoted price and signed the contract in Morgan's Daly City office Wednesday morning.

The company is expected to start building the enclosed pool at the high school site next month.

Engineer William Chapman had to redesign the pool several months ago to have it come in under the budget of \$700,000 set by the joint school district-city council.

The pool will have a hydrotherapy pool and can be used by students and the public after school hours.

longings and their souvenirs of a two-week cross-country trip went up in flames. The motor home, which was burned to its twisted metal framework, had been leased from a firm in San Jose. The firemen managed to retrieve Brown's wallet, a few purses and other valuables from the charred motor home.

The Browns later called some friends in San Mateo, who took them in.

Damage to the motor home and contents was estimated by Chief Teoliner as high as \$12,500.

Helping to rescue her husband was Ethel Funk, who helps operate the service station. Dr. Art Roth of San Francisco, who apparently was driving by, administered first aid and advised the ambulance crew.

Station attendant Lakham Ram of San Bruno reported that he suffered an injured leg when a car struck him as he was running across the street after the fire flashed.

Man Is Hospitalized

Edward Boucher, 54, the Daly City man who was shot and critically wounded while visiting his girlfriend Saturday morning by an apparent prowler, remained in guarded condition at Mary's Help Hospital Monday.

A team of surgeons operated on Boucher for some six hours after he was rushed to the hospital with a .45 caliber bullet wound in the abdomen.

According to police, Boucher heard a prowler in the Montrose street home of Patricia Keane and went to investigate. He found a man hiding in the bathtub.

The prowler forced Boucher back into the bedroom where he shot him and fled, police report.

College in San Francisco, as business manager in the JESD, he apparently concurred in Tomasello's conclusions that the district is "operating without its legal superintendent and its legal associate superintendent of business" as slated in their letter to Mrs. Adams of August 29.

"To depend upon the opinions of an inexperienced individual in the over-all recommending position and an individual who, to our knowledge has no experience in the elementary education field in the business area would be foolhardy," Tomasello and Cranna wrote.

Mrs. Adams said it was true that Brooks' experience was at the junior college level, however she came to his defense by pointing out "he certainly can look up the appropriate codes whenever necessary."

Tomasello's letter noted further that he did not think "the community expects us to give our time in a wasteful and foolish manner."

"Therefore, since we have no information on which to base judgements other than a hasty reading of information that might be provided and the questionably qualified opinions and recommendations of individuals, we believe participation in (the) meeting would be wasteful and foolish," the letter stated.

Both trustees asked that the letter be read into the board's minutes.

At the end of the reading both Mrs. Adams and Forrester denounced Tomasello for using Breen's secretary to take the letter over the phone and to type it on school time.

Further, they rapped both critics of Breen's qualification, explaining he has both an administrative and a secondary teaching credential.

SF Man Dies in Choking Attack

A 52-year-old San Francisco man choked to death on a piece of lamb at a Daly City home Saturday afternoon, police said today.

Frederick Thrush of 39 Arlington Drive, San Francisco, was dining at the home of a friend, Barbara Thommel, at 363 Ryan Street, Daly City when the meat apparently became lodged in his throat.

He was pronounced dead on arrival at Mary's Help Hospital shortly before 5 p.m.

"Daly City still has available the right to seek annexation of this territory despite the allocation of spheres of influence."

"Until such time as Daly City has applied for annexation of this area and been rejected (by LAFCO), it has not exhausted its administrative remedies," the attorneys' memorandum said.

Lycett said his understanding had been that LAFCO had assigned the mountain to Brisbane's sphere of influence — with strings attached.

"Now they're (Dietz-Casey) saying LAFCO never put the mountain into Brisbane's sphere of influence, rather they only indicated they would, it wasn't my understanding after listening to them," Lycett said.

Asked if Daly City could in fact move to annex San Bruno Mountain today, Dietz said yes.

What would be needed, according to Daly City officials, would be an expression from Crocker Land Company, owners of the mountain property, to Daly City indicating its desire to be annexed to Daly City.

The matter then would be presented to LAFCO and rejected or approved.

It is not unusual for LAFCO to review periodically spheres of influence decision, Dietz said.

How they would act on the Daly City versus Brisbane squabble on annexation of the mountain whose owners presently propose developing a portion of it is not known, Lycett said.

There is a new makeup of LAFCO since the session, held earlier this year in Daly City city hall, discussed the mountain's future.

At that time the commission-

ers voted 3-2 to give the mountain development to Brisbane.

Two Commissioners, John P. Lindley and Mary Henderson, expressed a desire to let the mountain stay in the county.

Commissioners Gerald Day, chairman of LAFCO, George Corey and Mrs. Jean Fassler voted for annexation to Brisbane.

Now, with Mrs. Fassler ill, County Supervisor William Royer sits on the commission, along with Day, Mrs. Henderson and a recently appointed commissioner, Daly City Councilman McRobert Stewart.

Stewart would not be able to act on this matter, however, and his alternate, South San Francisco Councilman Pat Ahern, probably would sit in. Also, Lindley, an alternate, has relinquished his chair to regular commissioner Emory Morris.

Band Invites Musicians

Adult band musicians have been invited to attend rehearsals of the Daly City Community Concert Band at Serramonte High School beginning on September 20 in Room 227 from 7 to 10 p.m.

Henry Niebolt, a South San Francisco teacher, professional musician and resident of Daly City, directs the band.

The community band is sponsored by the Jefferson Adult Evening Division and is open to adult musicians 18 years and over.

reapportionment plan is accepted.

Others will have to battle with political allies if they want to retain their legislative posts, much the same as Papan would have to if he refuses to move his residence.

Papan said last week he had not "had a chance to digest this yet."

However, he already was mapping plans to oppose the plan and to ask the legislature to reopen the matter in the hope of taking on tasks of redistricting itself, Papan said.

Papan feels if the legislature comes up with an acceptable plan for redistricting itself the court will favor it.

The reason the Special Masters were established to start with was because the Senate failed to pass a plan for reapportionment passed by the Assembly, Papan explained.

The assemblyman said the legislature's own plan had tried to preserve the integrity of areas and to keep cities from being split apart such as that proposed for Daly City.

Under the Special Masters' proposal, Senator Arlen Gregorio would be shifted southward, out of Papan's 27th District.

It does not affect Congressman Leo J. Ryan's district, which is a federal post.

The Special Masters flatly rejected reapportionment proposals of the legislature, drafted with the apparent purpose in mind of protecting and preserving districts of incumbents.

NORTH SAN MATEO COUNTY League of Women Voters are planning the first fall general meeting for September 13 at Breuners in Daly City. The 10 a.m. to noon discussion will center on an explanation of the November 6 tax initiative and will include small discussion groups. Membership material also will be available and interested persons may call the league office for information or transportation. (355-4408). Pictured, left to right are Mrs. Stephen Tuttle, action committee co-chairman; and Mrs. Lester Clark, Mrs. Michael Ruane and Mrs. John Walker, members at large.

Budget and 40 Other Items Taken Care of by Council

It was a lengthy agenda the Daly City city council waded through Monday following their usual summer vacation break.

With the exception of the official adopting of the new record high budget amounting to \$9,886,050 (up 8.7 per cent), and the announcement that there would be no hike in the property tax rate, the some 40 items posted were dispatched in record time.

Vice mayor Victor Kyriakis noted there would be no increase in the city's \$1.91 per \$100 of assessed valuation tax rate for homeowners.

Most of the budget increase was goobled up by employees' salaries and benefits — some 53.7 per cent of the total budget.

The \$556,660 increase in the city's operating budget was attributed to cost of 15 emergency Employment Act positions during the last six months of the 1972-73 year; ten new city positions to cope with the rising population; eight Affirmative Action Program trainee jobs, and the balance to higher salaries and fringe benefits of employees.

A decrease in the capital outlay budget was noted.

City Manager David Rhee explained this was because of a decrease in the gas tax construction fund budget (from \$897,420 in 1972-73 to \$460,000 for 1973-74) and \$460,000 for heavy appropriations for the Knowles Avenue - Los Banos road improvement project last

year, Rowe said. In the Water Utility Operating Budget, a \$266,200 increase in the budget was experienced.

While in the water Utility Capital Budget a \$330,430 was registered. The latter was due because of construction of a new reservoir in the Serramonte area.

In other action, the council awarded the contract for a library in the Serramonte district to Wesco Company with their bid of \$434,000. The council acted on the recommendation of the Library Board of Trustees.

Authorized the City Engineer Dave Macabee to do underground work in the Knowles

Los Banos improvement corridor near the Bay Area Rapid Transit District Station.

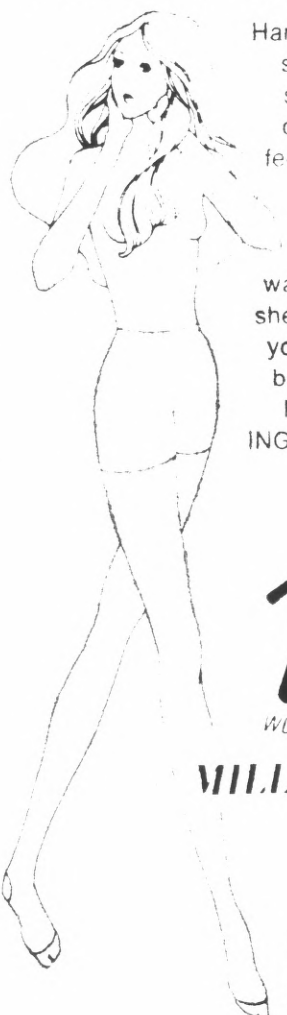

Commended Mrs. Helen Staub for her more than ten years as a Trustee with the Library Board in Daly City and congratulated her on her new post with the city's Personnel Commission.

Tabled action on approval of a variance for Mary's Help Hospital to use a school and church at 205 San Fernando Way for administrative and clerical offices, pending further studies. Mary's Help representatives attending the session did not object to the continuance which was set for Sept. 11.

'Heritage' at B'nai Israel

Sabbath services at Congregation B'nai Israel was held on August 24 by Rabbi Sheldon Edwards, who was assisted by Cantor Jacob Graudenz, newly appointed to the pulpit of the congregation.

Sabbath morning services were held at 10 a.m. Aug. 25. Rabbi Edwards and Cantor Graudenz chanted the liturgy.

A special program of liturgical music was heard on Faith Forum August 25.

Entitled "A Heritage of Music," the presentation featured

Rabbi Edwards, who holds a degree in fine arts with a specialty in music of all faiths.

The program was comprised of recordings from Rabbi Edwards' extensive private collection of religious music and is based on a format developed by the rabbi when he produced a similar weekly program in Miami, Fla.

In late September a second "Heritage of Music" program will be presented featuring music appropriate to the High Holiday season.

Price Quotes Faulty, Bidder Says

Fate seems to be working against the construction of a community swimming pool at Westmoor High School.

The Jefferson Union High School District board of trustees and the Daly City City Council have been seeking an appropriate and acceptable bidder since May but have been unable to find one for the \$700,000 project.

When bids were opened in May, trustees and administration discovered all three contractor's bids were in the \$900,000 bracket, were well above the architect's estimate. Those bids subsequently were rejected and after a meeting of the Westmoor High Swimming Pool Committee and district

staff the project cost was brought down and bids were readvertised. However, last Tuesday evening it became apparent that the bids opened most recently Aug. 10 would result in still more problems. The lowest of two submitted bids, for \$529,504 by Gil Winn Construction, was the cause as the bidder had informed the district three of its subcontractors had misquoted their prices causing an increase of \$46,321 in the total bid price, a difference of nearly nine percent.

Winn attorney Fred Flowers asked that the company be relieved of the bid while Superintendent Ed Morgan recommended to the trustees that the bid must be accepted and the company suffer the consequences.

"You have before you a legitimate bid," Morgan related. He said bids are opened in good faith and that the situation puts the board in an awkward position with taxpayers who are expecting the work to be completed.

He went on to suggest that the issue could become a court matter but that that's what courts are for.

"This is a joint endeavor with city council," he reminded them. "This should be a decision made by both elective bodies." The board tentatively set a meeting with the council for last night.

Morgan also expressed a desire not to hurt any individual contractor but that the bid as it exists is bona fide and acceptable.

The superintendent met with the district legal counsel and with representatives for Gil Winn last week for several hours and reviewed legal aspects. Both attorneys present agreed bids could not be modified after acceptance.

Flowers argued that certain legal criteria must be met for a contractor to be permitted to withdraw his bid after opening under the law. He said there must be proof of error, notice must be given in a timely and prompt manner and the error must be a material one.

"All criteria have been met," Flowers declared. He also cited several cases which he felt were similar to this one in which the contractor was allowed to withdraw. He added the errors made were "honest errors."

"The contractor should not be forced into contract for an amount he did not intend it to be," he declared. He explained the subcontractor bids are received only minutes before bid opening through phone calls and that while one sub-contractor, Associated Iron Workers, did notify Winn Construction of its error prior to the 2 p.m. opening it was too late to get the mistake corrected for the opening itself.

The attorney went on to recommend the board and city reject all bids and readvertise to bid again. He said his contractors would bid again if such were done.

William Endig, president of Winn Construction, told the board it could be possible they aren't seeing the forest for the trees. He stressed the error was the contractor's error and the law is straight that that bid should be relieved.

"I don't believe we need to go through the courts again," he said pointing out a past history of such cases in courts throughout the country.

The second bidder, Wes Stevens of Stevens Pacific, also was present and spoke against the award to the lower bidder. His bid was for \$660,000 which still would be higher than the other bid if the error were included.

"These people have a problem," he claimed. "I know you will have a problem if you award to them."

Board President Mrs. Jane Powell said the board should meet with the city council before commenting or acting on the issue. The item was tabled for a joint council-board decision.

D.C. Babysitting Club Wants New Members

The Daly City Co-Op Babysitting Club is seeking new members.

Purpose of the co-op, which has been in existence for over 12 years, is to afford mothers an afternoon or evening away from home confident that their children are being cared for by another experienced mother.

Membership currently is 15 women whose ages range from middle 20s into the 40s and who reside in the Westlake, Serramonte, Broadmoor, Eastmoor and St. Francis Heights area.

The only charge for club sitting services is one's time. Each member earns time by sitting and in turn pays her sitter with the earned time accumulated. Sittings are arranged by the secretary of the month, which is rotated among the membership.

If a mother wishes to use a sitter she telephones the secretary, who in turn calls club members to find a sitter for the requested date and time. For sittings in daytime hours, children are taken to the sitter's home, for evening hours the sitter goes to the home of the parents. A mother sits for others or requests a sitter only at her convenience.

Parents going out for an evening are expected to have children ready for bed, emergency phone numbers handy, where they will be and how they can be contacted. After the evening's sittings, the sitter is always escorted to her car or driven home.

The hours owed the club may total a maximum of 20. Upon joining a new mother will be asked to sit twice so that she will have time credited to her account before using the club services.

The co-op has five evening meetings per year scheduled for

the first Thursdays of January, March, May, September and November. Business meetings are social outings where the conversation is always friendly and informal.

Dues are \$1 yearly which pays for stationery, monthly postcards and paper plates for a November potluck dinner meeting. To prevent members leaving the club owing many hours, a \$10 returnable deposit is requested payable in five dollar

installments. Seventy-five cents is deducted for each hour owed the club when a member resigns owing the babysitting hours.

Anyone interested in joining the co-op may contact secretary-treasurer, Katie De Martin, 758 - North Mayfair Ave., Daly City 94015, phone 984-1729, for an application.

After completing the application, a co-op member will visit the prospective member to answer any questions.

Daly City Gardeners Dig In for Flower Show

The Daly City Garden Club is helping to celebrate the fifth anniversary of Serramonte Center in "Our World at Serramonte" and the Garden Club's 19th annual Standard Flower Show in "It's a Small World."

CSM Author Offers Class

Eric Gattmann, co-author of a recently published book dealing with career opportunities for teacher assistants, will be the instructor for a College of San Mateo evening course on the subject beginning Sept. 11.

Gattmann said instruction will be geared for practical application by working and prospective paraprofessional employees in education and would also be helpful to teachers who work with assistants.

His class, carrying three units of college credit, will meet weekly on Tuesdays from 7 to 10 p.m.

Registration details may be obtained by phoning the college information center at 574-6544.

Show time is Sept. 15 from 1 to 5:30 p.m. and Sept. 16 from 11 a.m. to 5:30 p.m. The flower show site will be the south mall, next to Montgomery Ward.

Anyone interested may enter their prize blooms for judging. Entries will be received from 7 to 9:30 p.m. Friday, and from 8 to 9:45 a.m. Saturday. Any amateur gardener may enter this show. The traveling trophies go only to Daly City Garden Club members.

Anyone desiring a show schedule may write to Mrs. H. C. Lyman, care of 292 Hillside Blvd., Daly City, 94014. All entries must be in by Sept. 12. Information may be obtained by calling 755-5580.

LOOKING FORWARD to an eventful year are the recently installed officers and board of directors of the Westlake Catholic Women. The annual installation breakfast was at the Olympic Club recently. Seated left to right are Mmes. Peter Balestrieri, second director; John Loughran, vice president; Francis J. Kelly, president; Richard Mudge, first director. Standing left to right

are Mmes. William F. Schou, publicity; Sebastian Passanisi, fourth director; Keith Wenquist, recording secretary; Robert Cantwell, ACCW representative; Joseph Vollert, historian; Julian Fernando, corresponding secretary; William Arata, treasurer, and Albert Modena, third director.

DC Girl Scouts Back from Camp

Karen Kjeldgaard of Daly City Senior Troop 13 and LaVonne Wimberley of South San Francisco have returned from a national Girl Scout opportunity, Mountain Magic '73, at the Whitman National Forest near Portland, Ore.

Backpacking, a white river adventure and a spontaneous rodeo were LaVonne's most vivid impressions while Karen enjoyed the emphasis upon preserving the environment.

Dr. Luther Jerstad, one of the first Americans to conquer Mt. Everest, provided expert guides

skilled in knowledge of the birds, plants, trees and tracks of the wilderness area.

Karen and LaVonne, with Kimberley Harney of Foster City, joined 126 high school-age youths at this national Girl Scout event offered by the Columbia River Girl Scout Council. Only two other girls in the entire San Francisco Bay Area were accepted for this trip.

LaVonne "learned what life means to those who care enough to save the wild and how small the 'free' world is." Karen was impressed that "Mountain Mag-

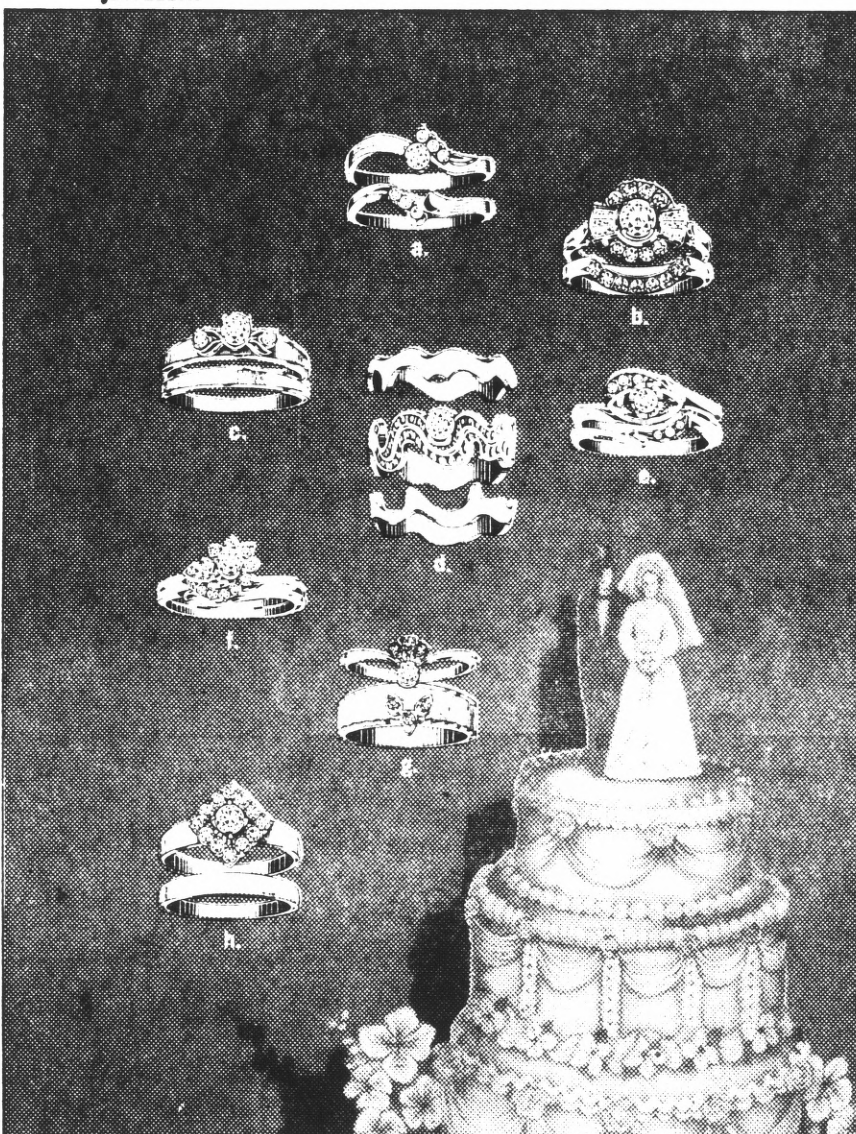

ic set me in tune with nature and with myself; with understanding myself comes an understanding of others."

Both girls have firm commitments to share as much of their knowledge and impressions of the wilderness as they can with San Mateo County Girl Scout troops.

GIRL SCOUTING

FRIDAY morning, September 7, Girl Scout liaison will meet from 9:30 a.m. to 11:30 a.m. at Hope Lutheran Church in the social hall, according to Daly City Girl Scout Association Chairman Mrs. Margaret Connolly. Liaisons will discuss fall plans, September leadership training, the October luncheon and the newly-revised troop registration procedures due next month.

Karen Fincham and Lorna Starling, Girl Guides from New Zealand, recently visited both

Francisco day camps at Junipero Serra Park in San Bruno. Houseguests of Mr. and Mrs. C. R. Haldman, the girls were returning to their homeland after attending Wilderness '73, an international camp in survival, located in West Virginia. Localite Jane Stewart, also an opportunity trip recipient, entertained the New Zealand Scouts at camp.

MERVYN'S DEPARTMENT STORE, opening soon in the Serrano Shopping Center will feature a Girl Scout equipment department, according to Ronald Gray, Mervyn's vice president.

Chuck West, sales promotion

director, will coordinate the local opening Mervyn's is expected to continue to build upon its reputation of service by featuring Scout equipment as well as uniforms.

"Un-Uniforms," new to the Junior and Cadette age levels will be shown at Mervyn's on its opening day. The "mir and match" concept, tailored to the needs of growing girls already has been introduced on the Browning Scout level.

Brownie outfits now consists of jumpers, blouses, body shirts, long pants and shorts as dress uniform. The new Junior and Cadette uniforms are expected to continue this trend.

DC Officers Installed

Marian Council 3773, Knights of Columbus acting district deputy Richard Ertola recently installed the newly elected officers of the council at ceremonies at the Broadmoor Community Center.

Grand Knight George Hartig received the gavel from the Junior Past Grand Knight Joseph Gumina, who was made a trustee of the council.

Other officers installed at the

meeting were: deputy grand knight, Richard Rusting; chancellor, Raymond Thurman; warden, LaVerne Mogensen; recorder, Enrique Lamout; financial secretary, Robert Simon; treasurer, Raymond Thurman; advocate, Joseph Capurro; trustees, 3-year term, Joseph Gumina, 2-year term, Thomas Carr and 1-year term, James Haug; inside guard, Pete Giovannini; and outside guard, Robert Hale.

Busy Week At Church

Three events will be this weekend at the Broadmoor Presbyterian Church, 377 87th St., Daly City, according to the Rev. Herbert C. Tweedie, pastor.

Saturday evening the Mariners for married couples will meet at 7 o'clock. A Mexican food dinner will be prepared by Mr. and Mrs. Bill Powers, a devotional talk will be given by a Mariner member and a program will be presented by Bob Patterson speaking on "Pets With a Purpose." Dinner reservations should go to Mariner Skipper Eldred "Whit" and Marian Whitmore, 992-4318.

Sunday morning the annual Sunday school promotion will be at 10 a.m. Pupils of three years and older will be enrolled in their new classes according to their grades in public schools. Adults and youth will attend the 10 a.m. worship service in the sanctuary.

School pupils will enter the service during the last part of the hour to receive recognition and for the new third graders to be given Bibles.

Louanne Heath

Most have heard the spot announcement on television or radio "Be an adult volunteer in the Girl Scout Program," but unless you have a Brownie aged daughter or an older girl just beginning to voice interest in Girl Scouts you probably haven't paid much attention. That is rather unfortunate, for Girl Scouting offers an opportunity for community service that is varied, extensive, challenging and interesting to young women, matrons and widows whose children have long since flown the nest. In short, almost anyone can find an exciting new outlet in adult Girl Scouting.

According to Mrs. James Morino, the press representative for the Daly City Area Association and radio-TV chairman for the San Francisco Bay Area Girl Scout Council, girls who drop from scouting usually do so because there is a lack of leadership which could be rectified if more volunteers would make only a few hours per week available to bolster this program.

IN DALY CITY Mrs. Margaret Connolly, a busy lady who finds time to work as the vice president of the Daly City Friends of the Library and is an active member in the statewide Podiatrists Wives Association, is the first lady of the Girl Scout program.

As chairman of the local Girl Scout Association Mrs. Connolly works with more than 50 troops, over 100 leaders and a large number of community oriented consultants. Her first line of defense against apathy is an innovative and imaginative service team of volunteers who can muster up housing and entertainment for 40 visiting English Girl Guides or put together a National Safety Council's "Award of Merit" winning Bike Road-E-O "in the twinkling of a Brownie-eye."

According to Mrs. Morino, the service team, supported by Scout executives Mrs. Ruth Metzger and Mrs. Virginia Hubbell, advises and encourages the volunteer leaders that work on the firing line with girls in the Brownie, Junior, Cadette and Senior Scout programs.

WHILE MOST of us tend to think of scouting and youth in the same category, scouting is actively recruiting adults, both men and women, who know that concern and dedication now can make a difference in the type of world that will exist at the turn of the century. The failure of more adults to respond to the plea for help Mrs. Morino feels reflects the decay in our society.

Working mothers, broken homes, absentee fathers and money crises are all facts of life that individual girls have to face and scouting must come to grips with the problems of the individuals. Concerned volunteers can make the path easier for untold numbers of girls. So it is that scouting today is recruiting leadership from the business community, from the middle-aged, from the ranks of the senior citizens.

EFFORTS ARE AFOOT to recruit husband and wife leadership teams. Mrs. Morino foresees the day when there may even be men leaders of Girl Scout troops.

One of Daly City's volunteers, a representative to the Bay Area Council and a former fund raising chairman, is Al Schwarzbach, assistant vice president of the Crocker Bank.

THE SCOUTING program lends itself to all types of volunteers because it is a flexible program which seeks to develop the best qualities of women through the arts, the home and the out of doors.

Among the many local adult scouters are Mrs. Louise Courpet, Mrs. Donna Barnes, Mrs. Mary Ann Dale, Mrs. Grace Winters, Mrs. Morino, Mrs. Norene Thurman, Mrs. Virginia Nowicki, Mrs. Emma Pina, Mrs. Shirley Figone, Mrs. Carol Klatt, Mrs. Jeanne Kennaugh, Mrs. Isabel Hdzick, Mrs. Elaine McDowell, Mrs. Carol Scott, Mrs. Pat Know, Mrs. Bunny Pardini and Mrs. Arlene Lowe.

Mrs. Morino invites all who are interested in adding their names to the roster of volunteers to contact Mrs. Connolly or their neighborhood Scout leader.

"SCOUTING IS DEDICATED to preparing girls for the real world. In Daly City that is not just a lovely thought, it is a practical reality," Mrs. Morino concluded.

Pie in Three Versions

For the finale of a company meal, Mint Refrigerator Pie is dessert and after dinner liqueur all in one. The refreshing chocolate-mint flavor comes from creme de cacao and creme de menthe. Add shavings of semi-sweet chocolate to give a professional dessert chef flourish.

Cranberry Chiffon Pie is delicious after a meal of poultry or pork. The recipe given here uses canned whole cranberry sauce. The pleasantly spiced Sweet Potato Pie may be prepared from either mashed cooked or mashed canned sweet potatoes.

All three of these pies were developed in the Karo kitchens at Best Foods.

Mint Refrigerator Pie

- 1 baked 9-inch pastry shell
- 1 envelope unflavored gelatin
- 1/4 cup cold water
- 1/4 cup creme de cacao
- 1/4 cup creme de menthe
- 1 pint heavy cream
- 1 egg white
- Dash salt
- 2 tablespoons sugar
- 1/4 cup (Karo) light corn syrup
- Shaved semi-sweet chocolate

Soften gelatin in cold water. Heat creme de cacao and creme de menthe together over low heat until mixture comes to boil. Remove from heat, stir in gelatin until completely dissolved. Cool to lukewarm. (Do not chill.) Whip cream until stiff. Fold in gelatin mixture. Chill in refrigerator while preparing egg white mixture. Beat egg white and salt until soft peaks form when beater is raised. Gradually add sugar, beating until mixture is smooth and glossy. Beat in corn syrup a little at a time, continue beating until mixture holds firm peaks. Fold this mixture into whipped cream mixture. Fill lightly into pastry shell. Chill several hours or until set. Decorate with chocolate. Makes 6 to 8 servings.

Cranberry Chiffon Pie

- 1 baked 9-inch pastry shell
- 1 package (3 ounces) lemon flavored gelatin
- 1/2 cup boiling water
- 1 can (1 pound) whole berry cranberry sauce
- 1 tablespoon lemon juice
- 1/2 teaspoon salt
- 2 egg whites
- 2 tablespoons sugar
- 1/4 cup (Karo) light corn syrup
- 1/2 cup heavy cream, whipped

Dissolve gelatin in boiling water in large bowl. Mix together cranberry sauce, lemon juice and salt in 2-quart saucepan. Cook over medium heat just until mixture comes to boil. Remove from heat and stir into gelatin mixture, stirring until well mixed. Chill about 2 hours or until mixture mounds slightly when dropped from spoon. Beat egg whites until soft peaks form when beater is raised. Gradually beat in sugar, then corn syrup, beating until stiff peaks form. Fold into gelatin mixture. Fold in whipped cream. Chill 1 hour

or until mixture is firm enough to mound. Fill lightly into pastry shell. Chill about 2 hours or until set. Makes 6 to 8 servings.

Sweet Potato Pie

- unbaked 9-inch pastry shell
- 1 1/2 cups mashed cooked sweet potatoes or 1 can (1 pound) water packed sweet potatoes, drained and mashed
- 3 eggs, slightly beaten
- 1 cup evaporated milk
- 1/2 cup (Karo) dark corn syrup
- 1/2 cup firmly packed brown sugar
- 2 tablespoons margarine, melted
- 1 teaspoon salt
- 1 teaspoon ground cinnamon
- 1/2 teaspoon ground nutmeg
- 1/4 teaspoon ground ginger

Beat together sweet potatoes, eggs, evaporated milk, corn syrup, brown sugar, margarine, salt, cinnamon, nutmeg and ginger until smooth and frothy. Pour into pastry shell. Bake in 425°F oven 15 minutes, reduce to 350°F oven and continue baking about 45 minutes or until knife inserted in center comes out clean. Makes 9-inch pie.

PARTY FARE — Cream de cacao and cream de menthe flavor this cloud light Mint Refrigerator Pie. Light corn syrup sweetens it delicately and insures smooth texture.

Food for Life Confusing Claims on Nutrition

By George M. Briggs, PhD.
Nutritionist

It is easy to see why people have trouble knowing what to believe about nutrition during these trying times of food shortages. We hear many confusing nutritional claims from all directions.

How does the consumer recognize what is correct? For instance, what foods can adequately substitute for meat? Are some breakfast cereals better than others? Should one take high levels of vitamins or any extra vitamins at all? Is cholesterol always harmful? Are vitamins A and D really toxic above the recommended levels? Is extra iron or vitamin E useful?

Unfortunately freedom of speech laws allow untrained or unprincipled persons to say almost anything they want about food and nutrition in public forums, newspapers, magazines, books, or on the radio. Some of this information is definitely not in the public interest.

Be wary of lectures and writings by persons without qualified nutrition training or proper credentials. Also be very skeptical of any strange food or nutrition claims accompanied by advertisements for special vitamin and mineral supplements, rare exotic foods, or with other obviously extravagant nutrition statements.

Lay persons, without scientific training, who are especially health conscious are particularly vulnerable to false information about food and nutrition.

Before you damage your health with strange diets or spend a lot of extra money buying expensive and unnecessary food products, you should check with reliable sources of nutrition information. Persons with special nutrition training (such as a nutritionist or a dietitian) can usually be found through your local public health department, Heart Association, local agricultural service, or Dairy Council. Check also with your local medical association, community hospital, or college.

At Mayfair You save more on food

Again last week, we compared food prices with the major super-markets in this area.

"Specials", "total discount", and most other kinds of prices were compared. In this survey of August 24, Mayfair's overall food prices were lower than eight other top super-market chains'.

To try to be fair, the comparisons were again with Uncle Sam's list, the same full list of items that the U.S. Department of Labor, Bureau of Labor Statistics, uses every month to measure food prices as part of the cost of living.

These comparisons show you could have saved from \$.02 to \$.17 on the same \$50 worth of basic foods in this list.

With the high cost of living these days, really, can you afford not to buy your food at Mayfair?

CSM Chorale Auditions Set

Auditions will be Sept. 12 and 13 for singers interested in joining College of San Mateo's Masterworks Chorale, conducted by Galen Marshall.

Many present members participated during the summer in a Bay Area group which won an international choral competition in Europe.

Three performances are scheduled by the Chorale for 1973-74, according to Marshall. The intent of the Chorale, he said, is to provide an opportunity for experienced and talented singers to join in a continuing activity of high artistic quality.

Requirements for membership are previous choral singing and ability to read vocal music.

Auditions will begin at 7 both evenings in the choral room of the fine arts center on the college campus. Rehearsals are Mondays from 7 to 10 p.m. There is no registration fee for participation.

HARD AT WORK making entries for the Daly City Garden Club's 19th annual Standard Flower Show in conjunction with Serramonte Center's fifth anniversary September 15 and 16th are, left to right, Mrs. H. C. Lyman, entries chairman; Mrs. McRobert Stewart, artistic division chairman; and Mrs. C. J. Dunow, publicity chairman.

Nick's Offers Sweeping
View Of Pacific Ocean

The immense windows in the dining room and lounge of Nick's restaurant command sweeping views of the Pacific Ocean with its powerful waves breaking against the rock retaining wall which borders the parking area, where visitors often remain seated in their cars just to take in the scene. The courtesy of the friendly staff at this Rockaway Beach, Pacifica, dining spa sets the scene for a pleasurable meal. Breakfast is served from 10 a.m. to 1 p.m., followed by the midday menu. Dinner, served from 2 p.m. daily, may be full course or a la carte, with the menu suggesting many delightful entrees. California's vineyards' best labels and some fine foreign bottlings make up the wine list. In the cocktail lounge you can indulge in sipping libations while watching soaring seagulls. In the evening hours, Wednesdays through Sundays, the Steve Romano Combo provides the dance sounds. . . . The Moonraker, where the atmosphere and decor is an authentic reminder of the romantic era of Clipper ships, is only a few steps from Nick's restaurant and offers the ultimate in Continental cuisine. Nick's specialties include Chicken Cacciatore Milanese, Shishkebab, and Roast Rack of Lamb Kapama. A la carte entrees are served with tossed green salad and potato. You've heard about the Singapore Sling and Zombie being potent exotic drinks. Well, you should try the Fog Cutter here — and it's at your own risk.

Enrico maintains a vigil over his business that never falters.

Restaurant Owners Favor
Scotty Campbell's

Fashionable Scotty Campbell's, one of the Peninsula's most recommended restaurants, offers an impressive wine list to complement their menu of prime beef, seafood, fowl and many specialty dishes. Among the guests recently dining here were Mr. and Mrs. Charles J. Maltrii, who entertained Mr. and Mrs. Fazio of the famous Blue Fox restaurant in San Francisco. Seen feasting like kings at this award-winning Redwood City restaurant on Sunday evening were 49ers Len Rohde, Cas Banaszek and Dick Witcher, who weren't thinking of weight control as they devoured large portions of prime ribs of beef. . . . Top name entertainment is featured nightly at Saluto's in Burlingame. The smooth rhythm and blues group of Inez Jones plays Tuesday through Saturday, and jazz pianist Chris Ibanez and his trio perform Sunday and Monday. . . . Well, another year of successful operation is to be soon celebrated by the Licata family, owners and operators of Vince's Italian and Seafood restaurant. It's the Twenty-eighth anniversary of this prominent San Mateo restaurant, which has maintained a steady clientele of particular diners by serving quality, quantity and variety in an atmosphere of congeniality.

BOZA Actions Assailed
By Councilman Murray

By VERA GRAHAM
New charges of "overstepping authority," "getting into the realm of City Council policy," and "going beyond the prescribed limits set by ordinances" were leveled against San Mateo's Board of Zoning Adjustments (BOZA) last week.

This time Councilman John J. Murray angrily cited several instances in which "over-zealous, secondary level," departmental representatives had posed needless problems to people seeking to build good projects in San Mateo.

Murray said he is going to ask acting City Mgr. John C. Lilly to investigate the entire situation, and, if necessary, will ask his council colleagues to get into it.

Earlier, acting Mayor John Condon raised the same serious question about BOZA's activities. He cited, in particular, the group's demands to remove the West Coast Savings and Loan Association time and temperature rooftop sign in downtown San Mateo because it also mentions the name of the firm, and technically exceeds the sign ordinance.

A variance should have been recommended, said Condon. The company had asked for a pylon sign, which was finally approved on condition the time and temperature sign be eliminated. The planning department staff member did not even know that a pylon sign had recently been granted the Hungry Tiger restaurant two blocks down the street and had said none were being allowed in the downtown area, according to the councilman.

This time it is Councilman Murray's criticisms which cover a broad range. He cited one instance in which BOZA demanded about 14 extra parking spaces for a development already to go in a properly zoned area because the builder wanted to cover the air-conditioners. It would have improved the appearance of the building.

But, because covering the air conditioners was interpreted as creating more "covered units," more parking was demanded. The air conditioner won't be covered. The building will be less attractive. "That makes no sense," says Murray. "BOZA," said Councilman Murray, "was originally created as a convenience to expedite projects, saving time for the planning commission, council city staff, and the applicants. . . . They have increasingly overstepped their authority and are getting into areas of policy which is the City Council's domain, and they are going beyond what the city ordinances prescribe," said Councilman Murray.

Murray also disclosed that a short time ago BOZA forced developer Alf Carstens to drop a plan to redesign the College Plaza shopping center in Laurelwood with some apartments to create an attractive old European or Danish Village architecture. BOZA made excessive demands, he said.

Councilman Murray has released a copy of a letter which had been sent to Community Development Director Richard Coleman. Again his staff member, Mark Leonard, said Murray has been going too far in making demands, forcing good projects out of San Mateo.

The letter from Carstens of the San Mateo Investment Co. states: "Please withdraw our application for Tivoli (European Village). . . . This has become necessary because some of the conditions imposed by BOZA have rendered the project uneconomical and non-competitive with similar projects in San Mateo and adjacent cities.

"Specifically, since we were attempting to create an interest-theme design of old European architecture, the cost of which is considerably higher than conventional construction, the proposed project would not carry the extra burdens demanded by BOZA such as: . . . 'increasing the open space and landscaping in excess of what was shown on our plans; . . . 'An unknown cost of participating in signalization of the intersection at Campus Drive to accommodate traffic generated from the Borel Estate office park, north of our property;

"The installation of a sprinkler system accommodating not only the proposed stores but the entire floor area of each and every studio and one bedroom apartment;

"And, finally, the requirement of providing sound insulation and insulating glass on the second and third floors of the proposed structure. . . . 'We find this last condition to be extremely excessive for small rental units, considering

that permits are being issued almost daily for \$60,000 to \$70,000 single family detached homes on the Borel property located much closer to the freeway on a steep incline.

"We are sorry that we cannot proceed with this project since it has received very favorable comment from interested parties, and we have, to date, spent in excess of \$10,000 on the preparation of an Environmental Impact Report, engineer, architectural and landscaping rendering and planning.

"Since we cannot proceed with this project, we would appreciate a refund of the filing fees previously submitted."

Said Councilman Murray, "I think the time has come to find out if BOZA is needed, and if it is then we had best require that the community planning director himself, Richard Coleman, attend the meetings as well as other top department heads, instead of sending boys just out of school who don't understand what they are talking about. . . . 'Another thing I have heard and resent very much is that they make an agreement on a project at one meeting, and change their minds the next. Furthermore, if the applicant can't provide them with the necessary data at their specified meeting, and it happens to be one before the next planning commission meeting, that means one or two months' loss of time. In today's skyrocketing interest rates in the money market that's serious, even a single family home is facing interest rates climbing to 8, 9, and 10 percent."

Reaction
Of County
Legislators

Some of San Mateo county legislators were groaning and some grinning this week after taking a look at the newest redistricting map sent up Friday by a special committee. "Three Special Masters," to the State Supreme Court.

The complex changes are being pondered by affected lawmakers today.

Protests can be expected to be lodged in great number before the court. It is the body which will make the final decision sometime in October — unless the legislature moves fast and passes its own new map, some politicians report today.

Critically affected immediately would be the North San Mateo county's 27th District Assemblyman Louis J. Papan (Dem.). He would be living (and voting) in a district taken over by San Francisco Democratic Assemblyman Leo McCarthy.

The present single San Mateo county 12th Senatorial district would be split at Burlingame between San Francisco's State Senator George Moscone, and San Mateo county's State Senator Arlen Gregorio.

Papan's choice is to fight McCarthy, Papan stated. "I will not," explaining not only because both have been longtime friends, but because McCarthy also has the preponderance of votes out of San Francisco in the split district.

That means Papan must move proposed new districts appear to give incumbent congressmen of both parties good chances for reelection.

But they said at least a dozen state senators might be forced to run against other incumbents next year or move to new districts, and that an even greater number of assemblymen could be pitted against their colleagues in battles for political survival.

The plan would create new legislative districts in Santa Clara, Orange and San Bernardino counties. It throws other incumbents together to create potential "open" districts throughout California.

Senate leaders said the proposal gives Democrats a chance to regain control of the Senate, which is now divided 20-20.

Prospects in the Assembly, where Democrats have a 48-31 margin, were less certain. But legislative consultants said Democrats would be favored to retain at least a slim majority in 1974 elections.

A court spokesman said the Supreme Court would hold hearings on the plan, but he gave no indication of what changes, if any, the justices would consider making before imposing the plan for state elections in 1974.

Lopsided Wins Mark B Softball

Undefeated, Nestle's quickly jumped on the Pamona Casuals on their way to a 19-7 Daly City B League North victory last week. Home runs by Frank Arbelloa, Milt Panagiotakos and Gary Andriani caused the most damage offensively. Irv Witham also had three hits for the winners.

G&C Builders sliced up the Westlake Pizza Men 8-3. Merv Vago once again led a stingy defensive effort while also helping to lay the foundations for the plate for the builders.

In other action, Chalmers ran a 13-2 count on the count Down men in a rather lopsided affair. Barry Carli went four for four while Grant Steer, Dave Golomi and Rich Forman had two hits apiece. Ray Delippo and Ed Ferrari combined their efforts for an overall fine pitching performance.

The Henchmen executed Steve's Catering 23-5. Dave Gaub went five for five and Dennis Jew did the same including two homers. Steve True added to the onslaught with two homers and two triples.

GTB'S Take Softball Tournament

It took the Good Time Boys two tries to defeat a strong Chalmers All Star team, but they did it with a victory chant that could be heard for miles around Westlake Park in Daly City recently.

The championship game became a do or die affair after Chalmers defeated the previously undefeated Good Time Boys 8-1. The victory was the result of fine play of Barry Carli, Joe Cirimeli, John Morris, Ed Ferrari, Jim Conn and Bob Aragamma.

But the high Flying Good Time Boys would not be denied. Playing the type of inspired ball that carried them to the finals, the GTB's came back to take all the marbles with a hard fought 8-5 victory in the finale. Joe Skaar, Gerry Kalieki and Gary Ciardella sparked the victory with their consistent and timely hitting. The tournament championship was a team effort for the GTB's, however, as a different hero emerged in every game.

Outstanding performances were put in by Pete Gomez, Andy Themoleas, Len Grossman, Bob Torre, Gary Piccardo, Lou Matteucci, and most noticeably the consistently fine pitching of Terry Piccardo.

The defending tournament champion Master Batters took third place in this year's tourney as they were edged barely by Chalmers in the semi-finals 5-4. Bill and Larry Delucchi, Steve Wilson and Jim Fisher put in fine performances.

Nestle's took fourth place in the tournament, thanks to the fine play of Ralph McDonald and Rich Watso. The pre-tournament favorite Jug Shop team finished a disappointing fifth but Paul Phalen, Dennis Flannery and Lee Attabitt deserve honorable mention for their performances.

The final standings for the

PAM WONG, 9, and Sandy Wong, 7, walked away with three trophies and a Miss Majorette title each in a baton contest in Fresno this summer. Both are daughters of Mr. and Mrs. Aaron Wong, 649 Skyline Drive, Daly City, and are students of Mrs. W. C. Craven of Pacifica.

Master Batter Blitz Wins

The Hillside Master Batters of Daly City utilized their awesome hitting attack in a come from behind 10-8 A League victory over the Misfits recently. The Batters scored three runs in the last inning with hits by Bill Delucchi, Gary Anderson and Mike Grazioli, providing the margin for victory.

Castle Street Nursery remained undefeated as it pounded out a 10-2 victory over Milho's. A fine team defensive effort that turned two double plays and three hits each by Dan Luciano and Dennis Dirico kept the Castle Street team riding high atop the A League standings.

In what was probably one of the most classic battles in A league play the Jug Shop defeated a fired up Good Time Boys team by the score of 8 to 6. The Good Time Boys jumped out to an early lead, but the Jug Shop came up with five runs in the sixth inning to stay in the running for the league championship. Clutch hits by Mike Ciardella, Gerry Ward, Steve Geramoni and Joel Carrara sparked the comeback. Lou Matteucci and Gary Ciardella had three hits each for the Good Time Boys.

Rolland's Soul City defeated Trips 8-2 to round out this week's action.

Arts Bill Progresses

State Senator Arlen Gregorio's arts bill, SB 121, which would increase state support for the arts from \$247,000 to \$1,025,000, has been passed by the Assembly Governmental Organization Committee by an 8-0 vote. The bill now goes to Assembly Ways and Means Committee.

Witnesses in support of the bill included Charlton Heston, chairman of the American Film Institute, board member of the Screen Actors Guild and an "Oscar" winner; Edie Adams, star of stage, screen, opera and nightclub; Robert Wise, member of the National Council on the Arts, president of the Directors Guild and an "Oscar" winner; Gordon Davidson, artistic director of the Mark Taper Forum of the Music Center in Los Angeles; Ron Cava, executive director of the Walnut Creek Civic Arts Department; Thomas Kenny, representing the American Federation of Musicians, California Labor Federation, AFL-CIO, State Building and Construction Trades Council of California and Actors' Equity Association; and Kurt Herbert Adler, general director of the San Francisco Opera.

SITE REVIEW — Jack Weymer, recently named director and general merchandise manager of Mervyn's new department store in the Serramonte Shopping Center, Daly City, goes over blueprints at the construction site. The new 75,000-square-foot facility is scheduled to open in early October. It will employ 150 full-time people and is expected to generate an annual payroll of approximately \$1.5 million. The store will be the first Mervyn's in the San Francisco area and the 13th in the retail chain, which specializes in clothing, accessories and shoes for the family. The construction represents the first addition to the Serramonte Center since it was opened four years ago.

Burglar Wrecks SC Home

An angry burglar did thousands of dollars worth of damage when he entered the residence of two young San Carlos women while they were camping over the Labor Day holiday. San Carlos police reported this morning.

Mrs. JoAnn L. Connolly, 24, and her sister-in-law, Michelle M. Connolly, 26, yesterday reported to Officer Wayne G. Behan that the burglar started out by taking a window and its frame completely out from the side of their house.

The thief then went into the garage, where he slashed the front seats of Mrs. Connolly's car. Entering the family room, he pushed the stereo outfit to the floor and knocked over two speakers. He slashed two chairs and a couch, and then removed a partially filled bottle of vodka and a half-gallon of bourbon from a cupboard and drank them both.

A half-smoked and soaked marijuana cigarette was found on a kitchen shelf, according to Behan.

The intruder went into the living room, where he slashed the couch and the cushions before going into the bedrooms, where he threw all the clothing and jewelry on the floor, overturned the beds and dressers, and slashed the waterbed, causing severe water damage to the floors, clothing and furniture.

He left with two portable color TV sets and a tape deck, the women reported.

Grass Fire In Pacifica

A grass fire covering an estimated two acres about three-quarters of a mile southeast of the Portola Discovery Site, and within Pacifica city limits, kept local firemen, the Division of Forestry and some volunteers busy Monday.

Authorities said the cause is unknown. The blaze began in an isolated area. Fire fighters were equipped with back tanks and shovels to fight the brush fire. There were no reported injuries or structural property damage.

Dead Man Identified

Pacifica police today said the young man killed in that city Sunday afternoon was Gregory Allen Garner, 26, of Novato. The identification had earlier been withheld pending notification of next of kin.

According to police, the motorcycle Garner was riding slammed into a utility pole on Fessler Avenue near the intersection of Seabowl.

Inventory-Sales Ratios Down

SAN FRANCISCO — Cautious businessmen don't have to worry about trimming inventories in anticipation of a sales slowdown. Buyers have practically swept the shelves clean.

That's the analysis of economist William Burke, writing in the business and financial letter of the Federal Reserve Bank of San Francisco.

Only a modest amount has been added to business inventories during the recent boom period, and inventory-sales ratios have fallen to very low levels in the past several quarters, according to Burke.

A few indicators suggest, however, that the U.S. is witnessing the beginning of a buildup in inventories, Burke said.

Between March and June, the overall inventory-sales ratio in manufacturing and trade rose from 1.41 to 1.44. In July, 46 per cent of the respondents in the monthly survey of the National Association of Purchasing Management reported that they were now adding to their stocks — up from 39 per cent figure in June.

Over the long-run, rising levels of sales naturally have called for a rising dollar volume of inventory. For example, the \$295 billion of inventory needed today to support a \$1,267 billion volume of final sales is considerably higher than the \$87 billion in stocks which supported the \$449 billion in final sales a decade and a half ago.

The constant introduction of new products into the economy also plays a part in raising total inventory requirements, the newsletter said.

On the other hand, substantial efficiencies have come from innovations in operations research

and computer techniques, which have increased the efficient movement of goods all the way from the time of raw-material purchase to the time of final sale.

These developments have helped conserve inventories by speeding up stock control and improving the locational efficiency of plants and warehouses, according to Burke.

If business should turn sluggish later this year, a severe cutback in inventories need not

automatically follow, the newsletter said.

For one reason, the economy went through an actual recession in 1970 without any inventory reduction—the first time that this occurred in the business-cycle history of the past generation.

More importantly, few if any problems have yet developed at the point where over-stocking generally becomes first visible—at the retail level and at the finished-goods level in durable manufacturing.
